A: There are 3 ways to reset your samsung Turning off your phone. Press and hold the above 3 functions (Power button, Volume up and volume down) 3.Press the Home key + Vol up + Vol Down For more info read How To Make Tuna Tartare With A Flat Iron I love raw tuna, it's a lot of fun to eat. The problem with most tuna, is that you need to get it just right in order for it to actually taste good, so every bite is a little different. You don't want to make a mess with it, and you don't want to feel sluggish after every bite. I came up with a recipe that tastes great, and goes perfectly with a flat iron. Great recipe, and thanks for taking the time to share your recipe. It's great that you can play around to find your personal taste. I love your blog, it's a lot of fun to read, and I also share a similar list on my blog. Check it out if you're interested.

Q: Segmentation fault in matching text against a file I am using libc++ and trying to implement Levenshtein Distance. The below code generates a Seg Fault.

```
void  
checkIfDuplicateWord(wordData word) { std::ifstream  
infile(word,std::ios::binary); std::ifstream fin; wordData processed;  
fin.open(word); while(infile.read((char*)&processed, sizeof(wordData))) {  
if(processed.word==word) { if(processed.deleted==0) {  
if(calcDeletionDistance(word, &
