

S De Jonge 2019 Cited in 3 - tigecycline, 31 DDD/1000PD, 12 DDD/1000PD, 12.1, 3.0. The presence in the past of an episode of neutropenic fever during the previous 3 months was. How can I get more from her? It looks pretty good. But I'm a complete novice at this; so maybe I missed something. She must have a history of infection to receive it. I couldn't find anything that would help me in my case. Maybe it has something to do with her work? How can I find out if she has had any of the infections she is dealing with? I know she had vaccinations, but I just don't know where else I can dig. Could it be related to her work?
