This book is archived in Harvest Moon: The Lost Valley.

The bulk of this book was written shortly after the expiry date on the video game of Harvest Moon: The Lost Valley, and the game simply time traveled this book.

The author is unsure whether the game can time travel or not, as the wording is so vague. Or maybe it is a side effect of the writer being sick.

Beginning from page one, he changes his mind, and decides to go with what is said. Everything else will be explained by checkbooks, bars of soap, and alcoholism.
