The Tarnished Kingdom of Hoorma, known as the Lands Between in the northern parts of the Great World. Tarnished is a land dominated by magic and is currently in turmoil, caused by all of the conflicts among the dark gods that have spread through the entire realm. However, the magic has created a connection between the dark gods and the monsters in the world. Strange monsters are terrorizing the region, and people are desperately trying to escape the constant threat of monsters. Amidst the chaos, two strong warriors, based on the Elden myth, rise up. One is Tarnished, the first born of a fallen god, and the other is Elden, the son of the god of fate, Rigor. Tarnished and Elden are

going to join their respective
god in order to reunite the evil
gods together and return them
to their true form. =====

Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between. All Reviews Reviews Image Review 79 Reviewer Tarnished Elden Ring Game 11/30/2012 I thought it might be interesting to write a "review" of this game. The game this game is one of the top selling ones and obviously has had a large amount of playtime. The game actually has quite a bit of flaws but a good fun game

nonetheless. Let me start with some good points: Beautiful graphics and environments.

-This is one of the main things that stands out for this game.

Game play for the sake of gameplay. Graphics and gameplay makes me happy.

Both of the main characters and scenery are amazingly drawn.

-Let me just say that this game takes advantage of character designs. The character models are amazingly designed and do fit the fantasy of the Land of Mana(Esper and Fire). The font and font color fit so well that they actually made me feel like I was there. The character

customization is quite great as well.

-Also very well done. From abilities to clothing and other customizable equipment. The shops also provide a great deal of customization options. The

game is easy to play but can be complicated in difficulty.

-The game is enjoyable to play once you get to know the games controls and the complexity of the game. It can be quite frustrating at first but after

playing it for a while it becomes apparent that the game is fairly easy to play. The game suffers from a few flaws: The main character is very clumsy when it comes to battle(But he is also an elf so its normal that he would be clumsy). -This is mainly the graphics but with graphics the game does look very good. The game is quite short, only the game-play has a lot of replay value. -This is the main flaw of the game. When you are done with the game, there is no real reason to replay it. The story is very linear. -I know this is a classic RPG but this is in my opinion a bad thing. The story and dialogues are very linear in many ways. The story is also kind of a let down as well. Even with the clumsiness of the main character he can be bff6bb2d33

A story focusing on the development of a powerful hero who seeks to become an embodiment of grace in a

fantasy world. These characters are very rare, and many are wary of them. A vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected. As you explore, the joy of discovering unknown and overwhelming threats await you, leading to a high sense of accomplishment. Create your own character! In addition to customizing the appearance of your character, you can freely combine the weapons, armor, and magic that you equip. You can develop your character according to your play style, such as increasing your muscle strength to become a strong warrior, or mastering magic. An epic drama born from a myth! A multilayered story told in fragments. An epic drama in which the various thoughts of the characters intersect in the Lands Between. A game with unique online play that loosely connects you to other players! In addition to multiplayer, where you can

directly connect with other players and travel together, the game supports a unique asynchronous online element that allows you to feel the presence of others.
