The lands between lie between the darkness and light, tainted by the suffering of the conflict that once divided the worlds of the past into the Eastern and Western Lands. These lands have been split for thousands of years as a result of war. They are called the "Lands Between" for their position between the light and darkness, and between the land of the living and the land of the dead. Their history and culture are different from those of either the Eastern or Western Lands. Both lands have suffered, and both have suffered an identity loss. While the Eastern and Western Lands saw a bright future, the lands between have lost their light. All people except for a remnant of pure-blooded savages, or so-called Hinterlanders, live there in a bleak, dark valley while they await their salvation. Their names are stained with the blood of countless innocents, and they remain without hope for peace. The only hope for them is the one who will arrive and save them in return for their services. This one will be born as a savior called the Elden Lord, and the rebirth will take place. To accomplish their destiny, the Elden Lord must be reborn as a warrior in the story's main game, and then the sequel, The Elden Ring Full Crack: Rebirth, will unfold. The story consists of two parts: the main game

---

and the rebirth. The main game takes place over the course of two weeks in a dark and cold valley, and the rebirth occurs over two days of time after the protagonist dies. They are both linked by the main story itself. The main story provides a basic introduction to the Lands Between and the Elden Lords, and the rebirth retells the main story from the Elden Lord's point of view. The main story begins with the prophecy that foretells the birth of the Elden Lord who will save the people of the Lands Between, and the rebirth begins after the death of the protagonist. The player gets to follow the main story and create their own original story. The player's main role is the execution of the main story, but after the story is completed, the player is also able to take part in the rebirth of the main story with the player-created story. The feature of being able to create their own story is unique to this game, and this game has a strong thread connecting the main game and the rebirth. The previous game, "The Elden Ring: Rebirth," was connected to the main story, but there was no connection to the main story in "

A strong enemy with vast numbers, attacking forces loyal to the Chaos Legion, has been sighted. Information about the Lands Between has just been brought to the imperial throne in Harundor, where the imperial armies have been ordered to attack. Game story A powerful enemy, the Chaos Legion, known for its violence and the capture of the lands, has invaded the lands and is expanding their domain

---

rapidly. They have been discovered in the Lands Between, and the imperial armies have been ordered to take them head on. However, the chaos still remains in the Lands Between, a vast wilderness that lies on the other side of the Chaos Sea. The ice and snow have begun to melt, and the monsters here have begun to roam about. Adventurers and warriors are grouped together under a common banner. The chaos still remains, but the world is on the brink of recovery. Revitalizing the world has left a deep wound in the Lands Between. There, the fiend, Makuta, established his dominion, and there is no end in sight. This time, he has sent his most favored servants, the Chaos Legion, to the Lands Between. The imperial army was sent to deal with this threat once and for all. However, Makuta does not leave his throne alone, and it is said that he has surrounded himself with numerous mages, sorcerers, and others. It has been said that his palace is located in the capital. ■ PARTY FORMATION The party is divided into four types of warriors and adventurers: Great Warriors: Strong-willed warriors who have mastered their battle prowess and whose resilience cannot be shaken. Great Adventurers: High-level adventurers who have gained an excellent battle prowess and mighty powers. Knight: A type of warrior who was chosen by a party

A group of 60 people remain trapped in a 1.8-square-kilometre crater near Sherbrooke, Que., and hope for a rescue. There have been no reports of injuries, but heavy rains have increased the risk of flooding, mudslides and landslides, especially in southwestern Quebec. The farmer who owns the land gave the evacuation order Sunday. "Our priority at this time is to ensure the safety of everyone and that's why we've reached out to the authorities," said farmer Gilles Croizier. Anyone living nearby should evacuate immediately, and Croizier says they plan to bring food, water and medications. Croizier says he's worried about the muddy conditions and the risk of mudslides. "You shouldn't stay because we don't know what could happen in two days," said Croizier. More than six hours**
