How To Find Computer Serial Number Win7 How to Find Out Your Computer's Computer Was Norton? IDM Serial Number Search CyberSpying Search Uninstalled Programs Disk Cleanup Everyone wants to know how they are been? Did you know your computer sends back your personal information to the company whenever you use a website? If you are concerned about your privacy, you should know there is a way to find out your computer's serial number. What Is a Computer Serial Number? Computer serial numbers are four to eight numbers that are printed on the outside of your computer. They can be used to identify the computer and also to identify a certain version of Windows that came with your computer. How Can You Find Out Your Computer's Serial Number? You can look for your computer's serial number using Windows. To find your serial number you must first open Windows. You can do this by tapping the Start button on the task bar. From here you can access your computer's BIOS. The serial number you are looking for is located somewhere on your BIOS. How To Find Out Your Computer's Serial Number What to Expect Disclaimer: This page may be out of date or inaccurate as I am no expert. 1. Type in the search box located in the top right side of your browser. Type " www.ipv4.org " and press Enter. 2. A search results page for domains appears. You have to search all the 4 free hosted anti-spam services ( www.spamwords.com www.cybersec.net www.spamwords.com www.spamwords.net www.spamwords.org ). If you fail to find a match for your domain, keep searching from the interface. (If a match has been found, click on the button under "ipv4.org.mx".) 3. Now you need to choose the right one. Go to their search result page, and carefully check the FAQ. If you are unable to read, the IP address is the IP address of your computer. 4. Look for the "Whois" link which is on the top line of the page, or go to 5. Now you may click on it and you will see the information of the website. It is the name of the website owner, like comcast, telephone company or ISP service provider. Also, c6a93da74d
